

Hi! I'm looking to buy a product that will help me **remove makeup and take care of my skin**.

Ah, great need you have there! [...] what **kind of products are available** in the market for removing makeup and soothing the skin.

### Two different Search Intents

Okay, can you tell me more about these **kinds of products**? What are some **common ingredients** used in them?

Of course. Many makeup removers **contain aloe vera, chamomile, and lavender** as they have calming properties that soothe the skin. Some also include coconut oil to help dissolve makeup.

### Search Intent

That's interesting! I didn't know that about **lavender**. Can you tell me more about **how it helps with skincare**?

Sure thing. Lavender has **anti-inflammatory properties**, which can calm redness and irritation in the skin. It's often used [...] to create a **soothing effect**.

### Recommendation Intent

That sounds wonderful! I would love to **try out a product that incorporates lavender**. Can you recommend some products [...]?

Let me see... How about the **Keyano Lavender Milk 8oz**? It's a milky white cleanser and makeup remover that uses [...] and lavender to dissolve makeup and soothe the skin.

### Product Details Intent

That sounds perfect! I've heard great things about Keyano products. Is this product **suitable for dry and sensitive skin**?

Yes, it is! The Keyano Lavender Milk 8oz is **designed specifically for dry and sensitive skin** types. It's non-foaming and gentle, making it a great option for you.
